CAPABILITY STATEMENT

SQD,LLC is a full-service architecture firm founded in 2006 with the primary goal of completing work for federal government departments and agencies. We specialize in the design of complex commercial and institutional renovation projects, including: high-density residential, medical facilities, and Department of Defense installations. Our career experience includes a wide variety of project types with budgets ranging from \$100,000 renovations to \$15,000,000 hotels. We have worked with private, municipal, State, and Federal clients utilizing a wide range of project delivery methods including: design-bid-build, construction management, and design-build.

Our core competencies are as follows:

- Preliminary Design
- Feasibility Studies/Reports
- Site Analysis
- Programming
- Existing Conditions Surveys
- Design Development
- Physical Architectural Models
- Interior Design
- Code and Accessibility Analysis
- Cost Estimating
- Renderings and Animations
- Construction Documents
- Technical Specifications
- Bidding and Negotiation
- Contract Administration
